

Welcome to Payanywhere.

Smart Terminal

Get started.

For help with your first-time setup, call 888.579.4787

Power up

1. Connect the charging cord into the power adapter and plug the power adapter firmly into a power outlet.
2. Connect the other end of the charging cord into the charging port located on the left side of the terminal.
3. Press and hold the power button located on the right side of the terminal.

💡 We recommend keeping your terminal charged above 30% as a low battery can affect the performance of your card reader.

Configure settings

1. Tap the Settings app icon  from the terminal's home screen.
2. Tap Date & Time to ensure your time zone is correct (ET by default). An incorrect time zone will impact your funding.
3. Tap WiFi and toggle WiFi to on.
4. Select your desired network, enter the password (if necessary), and tap Connect. If you are unable to connect to a WiFi network, your terminal is equipped with 4G cellular connectivity.
5. You should see a Connected status on your selected network.
6. Return to the terminal's home screen by tapping the Home icon.

Log in to the Payanywhere app

1. From the home screen, tap the Payanywhere app icon. 
2. Log in using the QR code provided in your Welcome email. Or, log in with the email address and password you used when creating your account.

Changing the paper roll

1. Turn the terminal over. Near the top of the terminal, pull down on the paper release lever.
2. Insert the paper roll with the paper pulling from the back and out the top of the terminal. Pull about 2" of paper out and close the lid until it snaps into place.

💡 Order hardware accessories at paymentshub.com

Complete a sale.

Choose a theme

Payanywhere's default Terminal theme works just like a traditional credit card terminal. For advanced features like inventory and open tabs, switch to the Retail theme. You can change your theme by navigating to Settings → Theme.

Terminal theme

1. Enter a dollar amount on the New Sale screen.
2. Insert an EMV chip card into the terminal. Or, select the desired payment method at the bottom of the screen.
3. Your customer will sign and tip, if necessary.
4. Email, print, or SMS text a receipt to your customer.

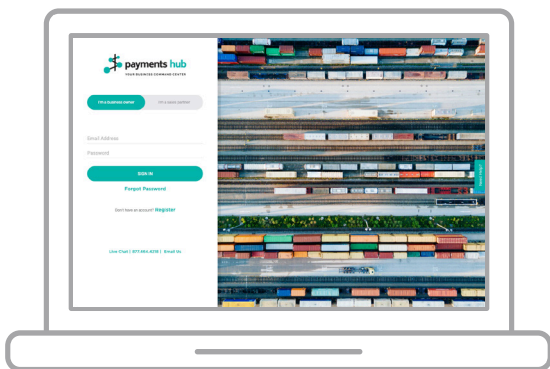

Retail theme

1. Add one or more items to your cart. Tap Charge to proceed to checkout, or tap Create Ticket to create an open ticket.
2. Insert an EMV chip card into the terminal. Or, select the desired payment method from the Checkout screen.
3. Your customer will sign and tip, if necessary.
4. Email, print, or SMS text a receipt to your customer.

Access Payments Hub.

Log in

Payments Hub is the online hub to manage your business. Navigate to paymentshub.com and log in with the email address and password you used when creating your account.

View activity

See real-time sales data, transactions, deposits, statements, and generate reports.

Create employees

Assign administrators, managers, cashiers, reporters, or staff with customizable levels of access.

Manage account

Update your personal and business information, manage disputes, and integrate with third-party services.

Accept payments

Process credit card payments in a web-based virtual terminal. Send recurring invoices that customers pay online.

Manage inventory

Build or import a product library and track stock. Create items with price variants, categories, modifiers, and discounts.

Order supplies

Purchase receipt paper, hardware, and accessories.
